

Rail Side Ticket Process

1. Go to: <https://potomachuntraces.eventbrite.com> and click Tickets

2. Select your rail side pass (either "Outside Rail" or "Infield Rail") and enter the quantity. In the same screen, you may opt to receive an "Accompanying Pass" – limited to the same number of rail side passes purchased. If you want to have a second car in your space this is the only time to secure the space. Click "Checkout" when done.

3. Fill out relevant contact and payment information and click "Place Order"
4. You will be emailed an **attachment** with separate QR codes for each rail side space and accompanying space. Each code can only be scanned once so plan accordingly.
5. A few days prior to the races you will be emailed your space(s) number from Mary Wolfe
6. On the day of the races you must present your QR code – on your mobile device or via printout. After a QR code is scanned once it becomes invalid.

****ProTip:** It'll be easier to use the **Eventbrite app** to manage your tickets and forward QR codes to your guests.
